Bob

EPA has reviewed the Lower Willamette Group's (LWG) February 24, 2010 letter in response to EPA's February 18, 2010 letter and attached Performance Standards for Confined Disposal Facilities. The LWG requests a 30-day extension of the 14-day deadline for formal dispute resolution to allow time for EPA and LWG to discuss the letter and performance standards.

EPA agrees to the requested 30 day extension of the 14-day deadline for initiating formal dispute. We will contact you to arrange a meeting with LWG representatives to discuss EPA's letter and the performance standards.

Please let us know if you have any questions.
